

# Tree Management Award 2021

**ISA**  
HONG KONG CHAPTER

# Tree Management Award 2021

## Introduction

Tree Management Award (TMA) is hosted by International Society of Arboriculture (ISA) Hong Kong Chapter. The event aims to recognise private residential property projects that excel in tree management, raise the awareness of tree preservation in the property management industry and encourage the industry to recognise the benefits of trees.

## By participating in the TMA, organisations can:

Enhance the corporate brand image and demonstrate its commitment to tree management and corporate social responsibility.

Obtain free professional advice on enhancing effectiveness of tree management initiatives from the technical consultant of the programme.

Enhance corporate competitiveness, encourage businesses in the industry to improve their operations in and be more concerned about the tree management.

## Awards winners of the TMA

- will be presented with a trophy and / or, a certificate;
- the list of winners will be posted on our website and Facebook to showcase their tree management achievements in the given period; and
- may be invited to share at public events/ gain media coverage, to showcase their achievements and experiences in tree management.

To recognize the efforts of participants, a “Participation Certificate” will be issued to each eligible participant that has completed the assessment and yet do not receive any awards or certificates.

# International Society of Arboriculture (ISA) – Hong Kong Chapter

## About Us

The ISA Hong Kong Chapter was formed at the beginning of 2012 under the auspices of, and technical guidance provided by the International Society of Arboriculture (ISA), with the aim to provide networking, education, and training opportunities for arboricultural practitioner in Hong Kong.

Today, there are more than 1,000 ISA Certified Arborists in Hong Kong of which 250-plus are current ISAHK Chapter members.

## Our Mission

Through research, technology, maintenance of standards and education our mission is to promote the professional practice of arboriculture and foster a greater public awareness of the social health and environmental benefits of trees throughout the Hong Kong community.
