

**Comprehensive Certificate Course
of
Best Management Practices
on
Operation and Maintenance for Lifts & Escalators**

Organized by
Building Services Operation and Maintenance Executives Society
(BSOMES)

Date, Time & Venue

Date : 10 June 2021 to 29 June 2021
Time : 7:00pm to 9:30pm (Registration to be opened at 6:45pm)
Venue : By Webinar via Zoom

Programme Highlights

With rounds of workshops and meetings among 19 nos. of Lift Task Force Members over 2 years, BSOMES launched the “Best Management Practices on Operation and Maintenance for Lifts & Escalators” (hereafter called the “Manual”) in Year 2019. The course is designed to broaden knowledge of management practices by taking reference to the Manual and provide the practical guidance and solutions for Responsible Persons, Property Management Personnel, O&M Engineers, Building Surveyors and Owners of lifts & escalators. All Guest Speakers, who are experienced / professional trade practitioner from BSOMES Lift Task Force, Property Developer, Property / Facility Management Company, Consultant, Contractor and Academic Institution etc., will share their practical knowledge and experience sharing on managing the daily O&M of lifts and escalators in details.

The photos were taken in PolyU on 21Oct 2019
