## About this course

In Hong Kong, Property Management Services Ordinance (Cap. 626) stipulates that the criteria for holding a property management practitioner (PMP) license may include criteria relating to an applicant's academic qualifications, relevant work experience and professional qualifications. This course also introduces the route to becoming a PMP license holder and the criteria to hold the PMP license.

## Supporting Organisation(s):

## Course Outline

1. Understanding the property management licencing regime
2. Brief the criteria for holding a property management practitioner (PMP) licence
3. Pathways to fulfilling the criterion of PMP licence
4. Introduction of application procedure for a provisional licence with PMSA

## About the Speaker

**Dr Gaby KUN** is an experienced trainer who served for the City University of Hong Kong, the Hong Kong Polytechnic University, the Open University of Hong Kong and the Institute of Vocational Education. He is a facility management, engineering, environment, occupational safety and health, and sustainability training professional who practice engineering management in a pragmatic way. He is a Fellow Member of the Royal Institution of Chartered Surveyors and Hong Kong Institute of Housing. Dr. KUN is also a Chartered Member of Institution of Occupational Safety and Health, Chartered Safety and Health Practitioner, Registered Safety Officer, Certified Facility Manager and the first batch of Hong Kong licenced PMP (Level 1). He has worked in management positions in world-renowned telecommunications companies and facility management companies for years and has well experience in teaching facilities management courses.
