

Certified Facility Manager® (CFM) Exam Prep Workshop

REGISTRATION

MAY

8

Mon

The Certified Facility Manager® (CFM) credential sets the industry standard for ensuring the knowledge and competence of practicing facility managers. IFMA's certification process is designed to assess competency in the field through work experience, education and the ability to pass a comprehensive exam that covers 11 competencies that make up the facility management body of knowledge. This one-day workshop is designed to assist facility professionals seeking certification with preparation for the competency-based examination. This workshop focuses on tools that can lead to success on the exam, techniques to perceive situations, and the importance of maintaining the right perspective.

Participants will :

-  Learn how to use the tools that can lead to success on the CFM Exam.
-  Understand the overall concept of the exam and focus on the methodology of the exam.
-  Learn to apply critical thinking skills and discuss the rationales used.

Workshop benefits :

-  Review the overall methodology of the exam and practice applying FM knowledge in a competency-based exam.
-  Practice applying critical thinking skills and discuss the rationales used in practice exam questions.
-  Review exam-taking skills and strategies may lead to success on the CFM Exam.
-  Learn from CFM instructors who have been trained to share their knowledge and valuable experience.

Instructor : Arnald Ng MCR, CFM, MRICS, LEED AP+ ID&C

Arnald has 20 years' experience across multiple disciplines within Corporate Real Estate, specializing in workplace strategy, interior project and facility management. With the valuable prior experience gained while working for industry leaders such as Sun Microsystems, Hongkong Land and Standard Chartered Bank, she has proven herself capable in directing regional teams towards international standards and meeting customers' expectation.

Arnald is a Faculty for CoreNet Global and is also an approved instructor of IFMA.
