Services Operation &
Maintenance Engineers or
staff in related disciplines

EMSD has published the “Technical Guidelines on Retro-commissioning” in 2017 to provide a basic procedural guideline on RCx. With the funding support of Professional Services Advancement Support Scheme (PASS), BSOMES developed a “RCx Practical Practice Casebook” as a learning tool to facilitate engineers to acquire the knowledge and skills on implementing RCx. In this seminar, RCx experts will share key achievements and experience in implementing RCx.

CPD e-Certificate will be offered for all participants. Don't miss the opportunity and register the webinar now.
