

## Hong Kong Conference

**08 September | 09:00 - 17:00 HKT | 6 hours CPD**

**Venue: Island Shangri-La, Hong Kong**

The highly anticipated annual Hong Kong Conference returns in 2023 with the inspiring theme of 'Building a Future for Integration and Common Prosperity'. Our face-to-face event will offer valuable insights from a distinguished panel of experts, scholars, and government officials from Hong Kong and Mainland China.

Join us as we dive into the future of urban development, investment trends, and the integration of the overall national development strategy through regional collaboration.

Add the event to your calendar and join us on 8 September for a day filled with engaging discussions and networking opportunities. We look forward to seeing you there!

**Enjoy the Early Bird offer when you register before 4 August.**

### **Attendees will gain key insights into:**

- Urban development initiatives and economic growth from Hong Kong's authority.
- Expert analysis on the current economic environment, investment prospects, and future growth opportunities.
- Latest trends and best practice in infrastructure, construction, and urban renewal, including smart city technologies, sustainable building design and mixed-use developments.
- Key ESG and sustainability practices, such as green building certification, carbon emissions reduction and sustainable land use.

- New opportunities for real estate developers and investors created by adopting PropTech and ConTech solutions.
- Exploring ways to promote better integration between the real estate industry and the wider city ecosystem, including infrastructure planning, land use policies and public-private partnerships.
- Evaluating opportunities and challenges in aligning Hong Kong's real estate industry with national development strategies, including infrastructure and cross-border investment, industry policy, and talent development.
