Dear Stanley,

Invitation to EVS25 HK EV Parade and Exhibition

I am writing to invite you to be our Guest at the upcoming Electric Vehicle (EV) Parade and Exhibition.

CLP is launching the first and largest EV Parade and Exhibition of its kind in the territory on 11 November 2010 to demonstrate and educate the public of the feasibility, performance, and environmental benefits of EVs. The event, a follow up to the 25th International Electric Vehicle Symposium (EVS25) to be held in Shenzhen, will also offer a golden opportunity to foster exchanges of experiences, ideas and knowledge with governments, the industry, professional bodies and academics on the EV development.

Participating in the EV Parade will be some 30 EVs from national and international car manufacturers including electric buses, cars and motorcycles. The Parade will kick off near the Hong Kong Wetland Park and finish at the Hong Kong Science Park. The EVs will then be exhibited from 11 to 14 November at the Hong Kong Science Park. The EV Exhibition, open to the general public, will also showcase charging stations and other accessories. To further increase public interest in EVs, the public will also be able to ride and drive the EVs.
