Technical Seminar on Experience Sharing in Precautionary Measures and Crisis Management against Super Typhoon

Date : 23 November 2018 (Friday)
Venue : Lecture Room FJ304, Hong Kong Polytechnic University, Hung Hom
Time : 19:00 – 20:30; Registration at 18:30

Programme Highlights

“Super Typhoon Mangkhut” passed next to Hong Kong and Macau on 16 September 2018. It was the strongest to hit Hong Kong in the record of the past 50 years causing large scale damage around the city on transportation systems, commercial and residential Buildings and Casinos etc. in Hong Kong and Macau respectively. Most of the typhoon precautionary measures were taken by the practitioners of facilities management especially the Technical Department of operation & maintenance (O&M) industry for managing and preventing any potential risks, implementing typhoon duty working procedures, contingency plan and emergency handling, post water flooding crisis management etc. The Organizers invited three (3) Honourable Speakers to share their precious experience in leading their Typhoon Team with some case studies for easy illustration.

Honourable Speakers

1. Ir K F Yee – Past President of BSOMES

BEng(Hons), MSc(Eng), CEng., FCIBSE, FIET, FEI, FBSOMES, FHKIE, RPE (BSS, ELL, ENY, FRE), REW (CO, HO), RSO, RSA, REA

Ir Yee was the Past President of BSOMES. He is now taking up the roles as Hon. Secretary of HKIE-Building Services Division and Vice Chairman of Energy Institute (Hong Kong Branch), Member of Energy Discipline Advisory Panel of HKIE. Ir Yee is a professional and practical engineer. He is the Technical Head of a listed company in Hong Kong and is overseeing a huge size of Technical Department to perform efficient technical management, operation and maintenance of building services plant, safety and reliability assessment, as well as energy management in a most prestigious shopping mall and office buildings in Hong Kong.

2. Mr. Eric Wong – Founder of BSOMES

MBSOMES, MASHRAE, MCIBSE, MIFMA, CEM

Mr. Wong is a senior building services engineering practitioner with over 30-year experience in O&M, real estate development & infrastructure MEP projects, energy management, corrosion engineering and technical compliance audit. Currently, he is the Senior Manager of Plant Operation in a Macau integrated hotel resort.

3. Ir Johnson KW Lau – Vice President (Academic) of BSOMES

MSc, MBA, CEng, CFM, FBSOMES, FIET, MCIBSE, MHKIE, REW (CO, HO)

Ir Johnson Lau is a professional engineer and certified facility manager with over 30 years of work experience in E&M construction projects and facilities engineering O&M management. He devoted his life long learning knowledge and experience in all aspects of building life cycle from planning to asset disposal. He has also been practising in various industries such as power supply utilities, container terminals, commercial complex and railway development.

Co-Organizers
